

UNWANTED BARRELS IN KNIGHTS VALLEY

Guglielmo Bertetta

Unwanted barrels await disposal on the road side. The intricate character of age is deep within each oak stave of the barrels. The signature of Cabernet wine stains the rich oak hue as the sun reflects on the used barrels. The rolling hills of the Bellissimo vineyards in Knights Valley promise a new offering from this prized Cabernet region. The heat of the day and cool of the night create a thick skin that instills the grape with an intense color and structure. The exceptional environment, rich fruit and oak barrels combine in producing a wonderful wine and a fine artistic rendition of these key components.
